TRUE SERVICE

And he gave it for his opinion "that whoever could make two ears of corn or two blades of grass, to grow upon a spot of ground where only one grew before, would deserve better of mankind, and do more essential service to his country than the whole race of politicians put together."—Swift.

C. HORNBERGER, read the following letter from the man who grew and photographed this fine variety.

Oct. 8, 1928.

Dear Sir:

I am sending you a picture of a spike of Mrs. Hornberger as it bloomed in my garden. This spike has 24 buds 10 open and the smaller one shown is from the same bulb. I beleive this was the most perfect bloom in this plot of ten thousand bulbs of over one hundred varieties. The soil is a heavy clay loam, the season too wet for cultivation, followed by hot dry weather starting two weeks before blooming time. All the bulbs you sent me this spring were extra good. Please send wholesale list as soon as out.

Signed, J. L. Hogue

HORNBERGER was introduced in 1925 with a limit of 3 bulbs per customer, in 1926 won first prize at Hartford, Conn., show for the best spike in the show, against over 10,000 competing spikes; 1927 at Boston, Massachusetts. Won the CHAMPIONSHIP CUP for the best three spikes in the show, any variety.
